

The keyword search is a versatile search tool which can be used by itself or in conjunction with the other search filters located in Step One of the Assignment Wizard. This search filter can be used in any of the following manners:

General Keyword Search

Use the keyword search to locate writing prompts using terms that describe their general topics. Begin with one-word searches such as “transportation” or “election.” There is no need to use quotation marks or conjunctions in your search.

Source-based Prompt Search

Use the keyword *multisource* to search to locate prompts that include or require sources.

Career and Technical Prompt Search

Use the keyword *techCTE* to locate prompts geared toward career and technical disciplines (e.g., automotive, business, culinary arts, cosmetology, dental assisting, HVAC, nursing, vocational).
