1. From the main navigation bar, select MY Prompts

2. Select **Create a New Prompt** from the Prompt Management page.

3. Enter the name of the new prompt. Select the grade level, prompt category and availability.

4. Type the prompt text that will be viewed by the student. If there is a passage that accompanies the prompt, enter the passage in the area provided.

5. Click **Save** to save the new writing prompt and **Final Save** to return to the Prompt Management screen.

Home Screen

The **Home Screen** navigation includes: Groups & Assignments, Portfolios, Reports, My Prompts, User Search, Message Center, Modify Account, and General Settings. The **Snapshot Report** is where you can view your students' progress over time. The Snapshot Report is updated **nightly** to reflect the holistic or overall, writing performance as well as the five trait areas: focus, development, organization, language use, mechanics & conventions.

The Snapshot Report also allows you to quickly filter and view your writing performance for a specific class.

MY Editor Stats displays the top 10 total errors made by your students on their most recent submissions. For example, if students have submitted two essays to three writing assignments, MY Access! would automatically sum the errors for each student's most recent submissions and display the top 10 in MY Editor Stats.

The **Message Center** is located on the Home Screen. The Message Center will "auto-alert" you when there are new comments entered by your teacher. Once the comment is viewed, the mail icon status will automatically be updated.

To modify your profile, click the **Modify Account** button in the upper right- hand corner of the Home Screen. You can make changes to your account information in the new window. Click **Save and Exit** to update the information. Note. You *cannot* edit your username. It is also best practices to update your password frequently.
