

# iSeek Search Integration with Amped

The “iSeek Hot Button” is coming to Amped! This feature is a great way to quickly lookup web information about any of your Accounts and Companies. Use the Hot Button to stay engaged with your Accounts by finding the latest available news and buzz. Open a world of useful information by clicking the iSeek Hot Button today!

## Key Benefits:

- One click instantly opens all relative web information making it easier for you to find what you are looking for
- Conveniently connect with your organization by viewing social media pages and interactions
- Easily find posts, links, articles, etc. related to the company you are searching
- Stay updated on your companies' news and events to be one step ahead of your competition

Using the iSeek Hot Button is simple! You can view a training video [here](#) or through the “Help & Support” tab in your Amped account. Find the “iSeek Hot Button” page under the “Awesome Amped Actions” list.

Please send any questions or comments regarding the iSeek Hot Button through [ampedsupport@vantage.com](mailto:ampedsupport@vantage.com). *\*If the iSeek Hot Button is not appearing in your Amped account, try clearing the cache in your browser.\**
