## **Create AMPED leads from new Wufoo form entries**

Zapier allows you to automatically send new Wufoo Form Entries into AMPED as leads. Use the template to get started!

## **Getting Started:**

To use this template, you will need the following:

- Zapier Account
- Wufoo Forms Account\*
- AMPED Account

\*Must be on a paid Wufoo Acocunt.

## How to Setup the Template:

Click the "Use this Zap" button next to the template name "Create AMPED leads from new Wufoo form entries" to begin configuration of the template.

The Wufoo Trigger "New Entry" will be automatically selected. Click "Continue" to move onto the next step.

Once the trigger has been selected, you must connect your Wufoo account. Clicking "Connect an Account" will populate a new window where you will enter your Wufoo account information. If the window does not appear, check your browser pop-up settings.

In the new window, enter your Wufoo Login Email and Password. If you have multiple Wufoo accounts associated to that login, make sure to enter your Wufoo Account Name so Zapier knows which account to connect to.

W
Allow Zapier to access your Wufoo Account?
Wufoo Login Email (required)
Wufoo Login Password (required) We do not store this, we use it once to login to Wufoo and retrieve your access token. The password is then forgotten by us.
Account Name (optional) If you have more than one Wufoo account, you will need to provide this so we know which accoun to connect to!

Yes. Continue Cancel

Once your Wufoo account is connected, you will see a green "Success!" notification. Click "Save + Continue" to move onto the next step.

Choose Account	*
	Select Wufoo Account
	Vufoo     added 34 seconds ago, used in 0 Zaps  Connect an Account
18 - A.	Save + Continue
• Help	

After connecting your account, you will be asked to choose which form Zapier should pull new entries from. Select the form from the dropdown, then click "Continue".

Set Up Trigger Options	*
	Set up Wufoo Entry
	Choose the form you'd like to watch for new entries.  Web to Lead  Choose Fields
* <	Continue
v Help	

After having selected your form, Zapier will ask you to test the connection by pulling in a sample entry. If you do not have any entries in your form, you can manually submit a form entry and use that or you can skip the step.

Test This Step	*	
	Pick A Sample To Set Up Your Zap Checking for samples in your Wufoo account We'll keep trying for 3 minutes.	+ +
•	We're looking for an entry in your Wufoo account so we can pull it in as a sample to set up your Zap. Checking for samples in your Wufoo account We'll keep trying for 3 minutes.

Once Zapier has found your form entry, you can select it from the dropdown and click "Continue".

Now it is time to select your AMPED Action and connect your AMPED Account. In this template, the action "Create Lead" will automatically selected. Click "Continue" to move onto connecting your account.

Clicking on "Connect an Account" will open a new window for you to enter your AMPED account credentials. If the window does not open, check your browser pop-up settings.

Enter your AMPED Account Username and Password, then click "Yes, Continue" to authorize the connection.

Yes, Continue Cancel

Once your account is connected, you will see a green "Success!" notification. Click "Save + Continue" to move onto the next step.

You will now be prompted to map the fields from your Wufoo Form to your AMPED fields. Click on "Show advanced options" to display all available fields. Every owner within your AMPED site will be available to select unless other permissions have been established. Select the owner you want the new leads to be assigned to and then map the remaining fields below.
