The columns of the Call Record list view display (from left to right):

- Start Time – The date and time the call was placed or received.
- Subject – Title of the call activity. *If Subject is not updated by the user, “CALL-OUT@MM:HH:SS” and “CALL-IN@MM:HH:SS” will automatically be tagged as the Subject for outbound and inbound calls, respectively.
- Description – Notes about the call activity.
- Recording – If applicable, the recording of your call is available here. Click the play button to listen to your recording.
- Phone – The phone number of the inbound call or outbound call.
- Duration – The amount of time that the call took place.
- Associate With – Owner – The AMPED record of whom you the call was with. If no record is found in AMPED, you can [create a new lead](#), [contact](#), or [account](#) on the fly. The call activity will be associated to this new record.
- Actions: Delete – Selecting the Trashcan icon will permanently delete the call activity from AMPED.

In the Phone column, the pink phone icon is actionable. Clicking this icon will place a call to the phone number next to the icon.
