

February 2022

Enhancements in Calendar and Email integration

Delete Sync for Outlook/Google.

- In sync deletion, delete activities, on your preferred email service provided and track the rest on AMPED CRM.

Filter our Recurring Events

- Filter recurring events from the list view and show only the first 30 days of recurring events.

Reload Email Composer with attachments for Saved/draft email

- Saved/draft email attachments are now displayed in the 'Edit view'. Where users can remove the attachments.
